

READ THIS INFORMATION BEFORE OPENING THE POWERPOINT FILE

Fonts Used in This Document

The fonts used in this document are licensed under the [Open Font License](#). According to their website: “You can use it freely in your products & projects - print or digital, commercial or otherwise. However, you can't sell the fonts on their own.”

Note: Be sure to install the fonts used in this document, BEFORE you open the PowerPoint product file.

- If you’ve already opened PowerPoint, you may see that the font is out of alignment on certain pages.
- To fix this, **close the PowerPoint program without saving** the document.
- Then close the PowerPoint program. This step is essential too.
- Now you can install the fonts used and open the PowerPoint file.
